

FIGURE SKATING

JUDGING SYSTEM LEVEL 2

Professional-grade systems at ease

The Figure Skating Judging System Level 2 has been designed to easily set up and handle a Figure Skating event with a reasonable amount of technology.

Level 2 is a system that provides PC-based Scoring. A minimum of 5 officials is recommended to run an event (Controller, Technical Specialist, Referee, and the Judges).

One PC runs the officially approved ISUCalcFS application, one ISUScoreFS (PC of the Technical Specialist). The Judges PCs (touchscreen panels or standard laptops) run ISUScoreFS.

A network connection is used to send the Judges scores to the PC which runs ISUCalcFS to calculate the score. No video replay is available for this system level.

All applications are freeware to ISU members and can be downloaded from

www.isujudgingsystem.com.

Judges Panel

Complete system

Technical Specifications Level 2

3 Notebooks (incl. 1 backup):

- Microsoft® Windows XP or Vista
- At least 192 MB RAM
- VGA 1024x768
- At least 60 GB Hard Drive
- 100 Mbit Network connection
- Interfaces: firewire, USB, LAN, modem, WLAN, serial

Judges Panels /Touch screen solution (Touch screen tablet PC):

- Intel LV Celeron 1.0GHz BIOS System: Phoenix, ROM Plug & Play, ACPI Compliant Memory: Memory size: 512MB or 1GB DDR-RAM Hard Disk Drive: 2.5" 9.5mm 80, 120GB HDD or 32GB Solid State Disc (SSD) Communication: 10/100 LAN on board 56Kbps modem, built in Intel Calexico Wireless LAN, 802.11b/g Graphics: Intel integrated 855 GM/GME graphic controller, dynamic 64MB Video RAM
- Ultra Slim 12.1" XGA Panel Input Device: resistive touch panel
- Re-chargeable 3600mAh Lithium Ion battery supports up to 5 hours working time
- Dimensions & Weight: 29.3 x 22.1 x 2.4 cm, 1.5 kg
- AC/DC adapter and power cord Safety Certification: UL, CSA, TUV, EMI FCC, CE, VCCI

Sample Level 2 system

No touch screen solution, prepared for video replay:

- 1 Notebook ISUCalcFS, 1 backup notebook
- 1 Notebook ISUScoreFS for the Technical Specialist
- Network hub and cabling
- Laser printer incl. cabling
- 5 Judges notebooks (same as for Data Operator and Technical Specialist)
- Intercom system incl. 8 headsets

Touch screen solution, prepared for video replay:

- 1 Notebook ISUCalcFS, 1 backup notebook
- 1 Notebook ISUScoreFS for the Technical Specialist
- Network hub and cabling
- Laser printer incl. cabling
- 5 Judges panels (slim design touch screen tablet PCs)
- Intercom system incl. 8 headsets

On-site training on the system (1 person)

The system is delivered with device cabling type F (plugs CEE 7/4).

System overview

Optional Accessories

- Additional Judges Panel notebook, no touch screen, incl. network accessories
- Additional Judges Panel touch screen (slim design), incl. network accessories and stand
- Additional Intercom headset incl. backpack and cabling
- Audio interface to connect an external recording device to record communication between Judges and Specialist (1U 19" rack space)
- Additional laptop for Announcer or Scoreboard Projector software, incl. network accessories
- Tailor-made flight case for the secure transportation of the system
- English operating system and country-specific keyboard layout for ISU financed set
- Interfaces to scoreboards, TV etc.
- HTML-based Announcer software
- Scoreboard Projector software
